

Celebrate
with the gift of a
*smooth
shape*

Dear Valued Patient,

My practice keeps up to date on the most advanced technologies and treatments to help you look and feel your best. Just in time for the holidays, we are proud to announce a long lasting cellulite and body shaping treatment with results you will see and feel, thanks to our new SmoothShapes® System.

85% of women have cellulite and it can't be controlled or improved by diet or exercise. Cellulite is a skin condition that results from enlarged fat cells trapped in an inflexible network of collagen located in the hypodermis. The outward appearance of this condition is the dimpled, orange peel appearance of the skin, that even athletes and super models search for a way to treat.

If you are interested in learning more about the SmoothShapes treatment, please call our office at (312) 981-1291 to schedule a complimentary consultation. We'll be glad to answer any questions you might have about achieving a smooth shape.

Sincerely,

**Natural Beauty
Med Spa**

Our gift to you is the
treatment of a
second area for
half price.

**Natural Beauty
Med Spa**

Under the auspices of
Irvin Wiesman, M.D.
